Peshtigo fitness center available for district residents

There is no charge to use high school facility

PESHTIGO—The fitness center located in Peshtigo High School is free to district residents. It is open Monday through Friday, from 5 to

7 a.m. and 3:30 to 5 p.m., and is located in the back of the school.

“You don’t have to drive into Marinette,” said Kelly Nemec, who is one of the fitness center supervisors, “and it’s free.”

“We have a 22-station circuit of workout machines in addition to five free weight stations,” she said.

Fitness supervisor Tye Schoenebeck explains that during these times, district residents can ask for assistance to correctly use each station as there is always someone available. For cardio health, the Peshtigo High School Fitness Center has three treadmills, two ellipticals and two stationary bikes.

During the school day, students frequently use the fitness center, but before and after school community members are welcome, too.

“I’m impressed with how many people use the weight room,” supervisor Luka Zischka states.

Those you’ve been thinking about improving their

fitness program and live in the Peshtigo School District, are welcome to drop in and see what the Peshtigo High School Fitness Center has to offer.

LONDON—Thousands of mourners waited for hours Thursday in a line that stretched for almost 5 miles (8 kilometers) across London for the chance to spend a few minutes filing past Queen Elizabeth II’s coffin while she lies in state. King Charles III spent the day in private to

reflect on his first week on the throne.

The queue to pay respects to the late queen at Westminster Hall in Parliament was at least a nine-hour wait, snaking across a bridge and along the south bank of the River Thames beyond Tower

Bridge. But people said they didn’t mind the wait, and authorities brought in portable toilets and other facilities to make the slog bearable.

“I’m glad there was a queue, because
