

Peshtigo School District

COVID-19 RETURN GUIDELINES

Effective: 08/10/2022

Positive and/or Symptomatic Guidelines

If staff or student tests positive for COVID-19:

- If symptomatic, may return if 5 days have passed from symptom onset AND symptoms are improving AND fever free for 24 hours without the use of medication.
- If asymptomatic, may return if 5 days have passed from positive test date.

If staff or student tests negative for COVID-19:

- May return when they are fever-free for 24 hours without the use of medication, and other related symptoms are improving.

Close Contact Guidelines

If staff or student is exposed to positive case in the household:

- If asymptomatic, individual may return to work/school with no need to quarantine.
- If symptomatic, the individual may return if 5 days have passed from symptom onset AND symptoms are improving AND fever free for 24 hours.

“Day 0” for Quarantines and Isolation

Asymptomatic: Day 0 is date of positive test result

Symptomatic: Day 0 is first day of symptoms
